In January of 2010 Data Mail Inc. of Evansville Indiana took possession of their new Graphic Whizard XDC-660A UV coater and Graphic Whizard CreaseMaster Plus. Sold and installed by Reliable Litho Supplies of Louisville Kentucky. Adam Miller, General Manager states “With the recent purchase of a CreaseMaster and VividCoater from Graphic Whizard, Data Mail has added capabilities that will help differentiate our company from the competition. I have been very pleased with the sales support, technical support, and the quality of product. I believe that Graphic Whizard is an innovative, and progressive company which strives to be an industry leader and makes every effort to insure total customer satisfaction. These qualities line up with Data Mail’s mission which makes Graphic Whizard a good fit for our company.”
